Subject: Please review 'Covance PA 16 Marlboro FF Sample Analysis'
Importance: High

Please review the attached document.

Dear Project & Leadership Team Members:

Attached is the project agreement for sample analysis on the Marlboro Full Flavor Study. The work is to start after 9/2/03 (MDS will be shipping samples to Covance on the 2nd). The reason this is PA delayed for circulation is that we had hoped to roll this work into the Blanket Sample Analysis project agreement, however we did not receive the rates from Covance for the Blanket Sample Analysis until the afternoon of the 19th. Valerie and I decided that we should go ahead and prepare this PA so that the work could start - rather than wait on the Blanket PA to be finalized. I apologize for the need for a quick turn around.

The PA is based on the most recent sample analysis PA for Covance (PA 14) and contains the same rate structure as the PA 14, minus the costs for database and data handling. The PA is blacklined to show the changes from PA 14.

Let me know if you have any questions,
Bristow
